Section IV

A. System of Payments / Use of Insurance / Program Income

The State

does (check as applicable)

does not (check as applicable)

have a system of payments policy for Part C services under 20 U.S.C. 1432(4)(B), which policy may include use of public insurance and benefits, private insurance, or family fees, such as a sliding scale, to pay for Part C services. Any family fees are treated as 'program income' for purposes of 34 CFR §80.25 and are not included in the State's determination of State and local expenditures for purposes of 20 U.S.C. 1437(b)(5)(B).

Note: If the State has adopted new or has revised its existing policies and procedures regarding its system of payments, it must submit these new and/or revised policies and procedures under Item 7 in Section II.A above.

B. Restricted Indirect Cost Rate/Cost Allocation Plan Information

(Note: To be completed if Lead Agency is not a State Educational Agency.)

If the lead agency is not a State educational agency (as well as any outlying areas that have the Department of Interior as its cognizant Federal agency, even if an SEA) check the applicable status below (more than one check mark may be necessary) and enclose appropriate documentation for this Federal Fiscal Year.

The lead agency has a final restricted indirect cost rate or cost allocation plan that has been approved by the State lead agency's cognizant Federal agency and is in effect for this Federal fiscal year (FFY) (ending on June 30, 2011). (Attach a copy of the approved restricted indirect cost rate agreement or cost allocation plan.)

The lead agency has either a provisional or final restricted indirect cost rate or cost allocation plan that expires or expired on _____ and the State is in the process of negotiating a new restricted indirect cost rate agreement or cost allocation plan that will be in effect for the period _____.² The State lead agency will continue to charge or bill the Part C grant using the provisional or previously approved final restricted indirect cost rate or cost allocation plan until a new rate or plan is negotiated and approved by the State's cognizant Federal agency, at which point the State lead agency must make appropriate adjustments for applicable FFYs. The State acknowledges that a final restricted indirect cost rate may result in an adjustment of the final audited expenditures allowable to be charged to the Part C grant and the Department's approval of this FFY Part C application with an expired or provisional restricted indirect cost rate does not constitute approval of that rate as the final rate for the lead agency for this FFY. When a final restricted indirect cost rate is approved, the lead agency must submit to OSEP: (1) a copy of the "final" restricted indirect cost rate agreement; and (2) details of adjustments made to past GAPS draw downs in light of the "final" rate. (Attach a copy of the previously approved restricted indirect cost rate agreement or cost allocation plan.)

No indirect costs are charged to the Part C grant. The total amount of the Federal Part C grant is used for allowable direct costs.

Other, explanation attached.

² A "provisional" indirect cost rate is a temporary rate established for a future prospective period of time to permit budgeting, obligations, and payment of funds by awarding agencies until such time as the actual indirect costs can be determined and a final rate is established for the applicable period; provisional rates are subject to adjustment by issuance of a "final" rate based on actual indirect costs incurred for the period (usually the organization's fiscal year).

INDIRECT COST RATE AGREEMENT
STATE EDUCATION AGENCY

ORGANIZATION:

South Carolina Department
Of Education
1429 Senate Street
Columbia, SC 29201

DATE: OCT 20 2008
AGREEMENT NO. 2008-109
FILING REFERENCE: This replaces
previous Agreement No. 2007-055(A)
dated July 18, 2008

The purpose of this Agreement is to establish indirect cost rates for use in award and management of Federal contracts, grants, and other assistance arrangements to which Office of Management and Budget (OMB) Circular A-87 applies. The U.S. Department of Education negotiated the rates pursuant to the authority cited in Attachment A of OMB Circular A-87.

This Agreement consists of four parts: Section I - Rates and Bases; Section II - Particulars; Section III - Special Remarks; and Section IV - Approvals.

Section I - Rate(s) and Base(s)

TYPE	Effective Period		Rate	Base	Coverage	
	From	To			Location	Applicability
Predetermined	07-01-08	06-30-11	2.00%	<u>1/</u>	All	All Programs

1/ Total direct costs less items of equipment, alterations and renovations, flow through funds, and each sub-contract in excess of \$25,000.

Treatment of Fringe Benefits: Fringe benefits applicable to direct salaries and wages are treated as direct costs, however, pursuant to OMB Circular A-87-Attachment B, Paragraph 8.d. (3), terminal leave payments for separating employees will be allocated as an indirect cost and will not be charged as a direct cost to Federal programs.

Capitalization Policy: Items of equipment with a cost of \$5,000 or more, and a useful life in excess of three years are capitalized.

Section II - Particulars

SCOPE: The indirect cost rate(s) contained herein are for use with grants, contracts, and other financial assistance agreements awarded by the Federal Government to the South Carolina Department of Education and subject to OMB Circular A-87.

LIMITATIONS: Application of the rate(s) contained in this Agreement is subject to all statutory or administrative limitations on the use of funds, and payment of costs hereunder is subject to the availability of appropriations applicable to a given grant or contract. Acceptance of the rate(s) agreed to herein is predicated on the conditions: (A) that no costs other than those incurred by the South Carolina Department of Education were included in the indirect cost pools as finally accepted, and that such costs are legal obligations of the Organization and applicable under the governing cost principles; (B) that the same costs that have been treated as indirect costs are not claimed as direct costs; (C) that similar types of information which are provided by the Organization, and which were used as a basis for acceptance of rates agreed to herein, are not subsequently found to be materially incomplete or inaccurate; and (D) that similar types of costs have accorded consistent accounting treatment.

ACCOUNTING CHANGES: Fixed or Predetermined rates contained in this Agreement are based on the accounting system in effect at the time the Agreement was negotiated. When changes to the method of accounting for costs affect the amount of reimbursement resulting from the use of these rates, the changes will require the prior approval of the authorized representative of the cognizant negotiation agency. Such changes include, but are not limited to, changing a particular type of cost from an indirect to a direct charge. Failure to obtain such approval may result in subsequent cost disallowances.

FIXED RATE: The negotiated rate is based on an estimate of the costs that will be incurred during the period to which the rate applies. When the actual costs for such period have been determined, an adjustment will be made in a subsequent negotiation to compensate for the difference between the costs used to establish the fixed rate and the actual costs.

NOTIFICATION TO OTHER FEDERAL AGENCIES: Copies of this document may be provided to other Federal agencies as a means of notifying them of the agreement contained herein.

AUDIT: If a rate in this Agreement contains amounts from a cost allocation plan, future audit adjustments which affect this cost allocation plan will be compensated for during the rate approval process of a subsequent year.

Section III - Special Remarks

1. This Agreement is effective on the date of approval by the Federal Government.
2. Questions regarding this Agreement should be directed to the Negotiator.
3. Approval of the rate(s) contained herein does not establish acceptance of the Organization's total methodology for the computation of indirect cost rates for years other than the year(s) herein cited.
