General Appropriations Bill for Fiscal Year 2022-2023
Ratified Version

PART IB
OPERATION OF STATE GOVERNMENT

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.55. (SDE: Full-Day 4K) Beginning with the current fiscal year, eligible students residing in any school district may participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the availability of space and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a statement of Medicaid eligibility.

A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.

Beginning with the current fiscal year, 4K programs in public schools and non-profit independent schools participating in CERDEP are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP. Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality educational programs pursuant to Section 59-156-160.

Public and private providers shall be funded for instructional costs at a minimum rate of \$4,800 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for reimbursement at a minimum of \$587 per eligible child transported. First Steps and the Department of Education must provide an equitable distribution above the minimum between public and private providers. First Steps and the Department of Education must provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider to the Governor, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling

between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.

Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings.

Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child

receiving services from a private provider. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality programs.

For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in CERDEP.

For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the

Senate Finance Committee by March 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps.

If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the Department of Education and the Office of First Steps.

The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start.

For Fiscal Year 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program during Fiscal Year 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.

1A.29.
