The results of the screenings and the developmental intervention strategies recommended to address the child's identified needs must be provided, in writing, to the parent or guardian. Reading instructional strategies and developmental activities for children whose oral language and emergent literacy skills are assessed to be below the national standards must be aligned with the district's reading proficiency plan for addressing the readiness needs of each student. (c) implementation of programs and activities, which are effective and contributing to state goals, and otherwise acceptable pursuant to the requirements of Chapter 152, Title 59; and

(d) fulfillment of all the duties in Section 59-152-70.

(2) The South Carolina First Steps to School Readiness Board of Trustees shall establish a formula, which includes the identification of the most relevant and effective factors, by which the allocations for qualifying partnership grants are calculated. The board shall identify the factors, develop the funding formula, and promulgate both in regulation pursuant to the Administrative Procedures Act. The factors utilized in the funding formula, and the weight given to each factor by the formula, must reflect that the intent of the General Assembly is to ensure that the money allocated to each local partnership is in proportion to the following:

(a) population of eligible children;

(b) population of at-risk children; and

(c) population with below average income.

(3) First Steps shall include the grant qualification requirements and funding formula on its website. The website information shall include formula details, announcements regarding proposed changes to the formula, and directions for public input.

(D) In conjunction with the independent external program evaluation established pursuant to Section 59-152-160, the board of trustees shall conduct a formal review of the grant qualification requirements and funding process adopted pursuant to subsection (C) and, upon completion of the review, shall submit to the General Assembly a statement either verifying the continued applicability and appropriateness of the grant qualification requirements and funding process in use at that time or recommending any appropriate and necessary changes.

(E) Funding must reflect the combined total allocations of the coverage area of a multicounty partnership.

SECTION 59-152-100. Local partnership boards; use of grant funding.

(A) Grant funds expended by First Steps partnerships must be used to address the needs of young children and their families as identified in the partnerships' comprehensive plans. The funds must be used to expand, extend, or improve the quality of provided services if there is evidence as to existing programs' effectiveness; offer new or previously unavailable services in the area; or increase access to services. Partnership grant funds may not supplant comparable current expenditures by counties or state agencies on behalf of young children and their families, and may not be used where other state or federal funding sources are available. Partnerships are expected to collaborate with other community organizations or entities expending funds on early childhood services designed to impact school readiness in order to maximize impact and minimize duplication of efforts.

(B) At least seventy-five percent of state funds appropriated for programs must be used by the local partnership for evidence-based programs. Not more than twenty-five percent of state funds appropriated for programs to a local partnership may be used for evidence-informed programs.

(C) All activities and services provided by a local partnership must be made available to young children and families on a voluntary basis and must focus solely on "school readiness" as defined in Section 59-152-25 by implementing programs geared specifically toward the achievement of First Steps goals pursuant to Section 59-152-30.

(D) Any part of the initiative within the county strategic plan using local district resources within a school district must be conducted only with approval of the district's board of trustees.

SECTION 59-152-130. Matching funds.

(A) Local partnerships shall provide an annual match of at least fifteen percent, to include private donations, grant funds, and in-kind donated resources, or any combination of them. The South Carolina First Steps to School Readiness Board of Trustees may decrease this percentage requirement for a partnership based on their capacity to provide that match. The First Step partnership shall encourage private individuals and groups to contribute to a partnership's efforts to meet its match. The match required of individual partnerships by the First Steps board should take into consideration such factors as:

(1) local wealth, using such indicators as the number and percentage of children eligible for free and reduced lunches in grades 1-3; and

(2) in-kind donated resources.

Only in-kind donations, as defined by the standard fiscal accountability system provided for in Section 59-152-150, which meet the criteria established by the South Carolina First Steps to School Readiness Board of Trustees and that are quantifiable may be applied to the in-kind match requirement.

(B) The Office of South Carolina First Steps to School Readiness shall establish guidelines and reporting formats for partnerships to document expenses to ensure they meet matching fund requirements. SECTION 59-152-150. Development and adoption of standard fiscal accountability system; private and nonstate funds; disbursements; applicable offenses.

(A) The Office of South Carolina First Steps to School Readiness shall develop and require local partnerships to adopt and implement a standard fiscal accountability system including, but not limited to, a uniform, standardized system of accounting, internal controls, payroll, fidelity bonding, chart of accounts, and contract management and monitoring. Additionally, the accountability system shall require competitive bids for the purchase or procurement of goods and services of ten thousand dollars or more. A bid other than the lowest bid may be accepted by a majority vote of the partnership board if other considerations outweigh the cost factor; however, written justification must be filed with the Office of First Steps. The Office of First Steps may contract with outside firms to develop and ensure implementation of this standard fiscal accountability system, and the Office of First Steps may inspect fiscal and program records of partnerships and developing partnerships to ensure their compliance with the required system. The Office of First Steps may contract with a state entity with existing means for developing contracts and disbursing funds in order to make use of the existing infrastructure, if it is efficient and not administratively burdensome to partnerships.

(B) Each local First Steps partnership shall expend funds through the South Carolina First Steps to School Readiness Board of Trustees or its fiscal designees until the capacity of the local partnership to manage its fiscal and administrative responsibilities in compliance with the standard accountability system has been reviewed and certified by the South Carolina First Steps to School Readiness Board of Trustees or its designee.

(C) All private and nonstate funds sought by local partnerships must be used exclusively for meeting the goals and purpose of First Steps as specified in Section 59-152-20 and Section 59-152-30. Private funds received by a First Steps partnership must be deposited in a separate fund subject to review by the Office of First Steps and the State Board.

(D) Disbursements may be made only on the written authorization of the individual designated by the partnership board and only for the purposes specified. A person violating this section is guilty of a misdemeanor and, upon conviction, must be fined five thousand dollars or imprisoned for six months, or both.

(E) The offenses of misuse, misappropriation, and embezzlement of public funds apply to this chapter.

SECTION 59-152-160. Internal evaluation policies and procedures.

(A) The South Carolina First Steps to School Readiness Board of Trustees shall establish internal evaluation policies and procedures for local partnerships for an annual review of the functioning of the partnership, implementation of strategies, and progress toward the interim goals and benchmarks. In instances where no progress has been made, the Office of First Steps to School Readiness shall provide targeted assistance and/or the South Carolina First Steps to School Readiness Board of Trustees may terminate the grant. An independent evaluation of each prevalent program investment using valid and reliable measures must be completed and published by the First Steps Board of Trustees no less than every five years. The First Steps board shall adopt a cyclical evaluation calendar including each major program investment no later than June 30, 2015. After publication of a baseline report for each major program investment as defined in Section 59-152-25, subsequent reports will be published no later than five calendar years from the date of each prior publication. In addition to the independent evaluation of each prevalent program, an evaluation of the progress on the initiative's goals and purpose must be completed by November 1, 2014, and every five years thereafter by an independent, external evaluator under contract with the South Carolina First Steps to School Readiness Board of Trustees. The purpose of this evaluation will be to gauge First Steps' progress in meeting the goals established in Section 59-152-20 and Section 59-52-30.

(B) Local partnerships must agree to participate in such an evaluation in order to receive a First Steps grant. Subsequent grant approval and grant allocations must be dependent, in part, on the results of the evaluations. If an evaluation finds no progress has been made in meeting local goals or implementing strategies as agreed to in the First Steps grant, the grant may be terminated.

(C) The purpose of the evaluation is to assess progress toward achieving the First Steps goals and to determine the impact of each strategy in supporting improved school readiness as defined in Section 52-152-15. The impact assessment shall include, but is not limited to, school readiness measures; benefits from child development services; immunization status; low birth-weight rates; parent literacy; parenting skills; parental involvement; transportation; and developmental screening results. During the course of the evaluation, if an evaluator determines that any state agency has failed to comply with the coordination and collaboration provisions as required in this chapter, the final report must reflect that information. Each program evaluation report must be reported to the General Assembly no later than three months after conclusion of the evaluation. Local partnerships shall cooperate fully in collecting and providing data and information for the evaluation of their funded strategies.
