The Marlboro County First Steps (MCFS) Partnership continues to be a quality contributor to the Marlboro Community. This can especially be noticed in terms of childcare and parenting. This past year, we worked with 19 families who may not receive other parenting services. MCFS continues to be the lead county agency that works with childcare facilities throughout the community. We stress quality and efficient learning centers as opposed to babysitting services.

Marlboro County First Steps increases the quality of services for children 0-5 and their families

We collaborated with the Marlboro County School District Family Literacy for our Parents As Teachers parenting program. Through this program as well as our childcare scholarship program, we have been able to assure that some of the families with the greatest needs in Marlboro County receive help that they may otherwise not get. Also parents are required to be actively involved with their children.

Each of the six color blocks of the First Steps logo represents a core area of service, outlining our comprehensive strategy to prepare children for long-term school success.

With **measurable outcomes across each of its six school readiness strategy areas**, First Steps is getting results.

Healthy Start

We begin with a focus on providing a healthy start to life. This includes prenatal and post-partum services for both mother and baby. In 2007, First Steps collaborated with key philanthropic and agency partners to bring Nurse-Family Partnership to SC having a significant impact on reducing premature births and Medicaid costs.

Quality Childcare

Quality childcare starts with quality childcare providers. Our quality enhancement and training strategies lead to improved teacher-student interaction, which research shows has a significant impact on a child's development and success in school.

Family Strengthening

Our home visitation strategies, such as Parents as Teachers, Parent-Child Home and Early Steps to School Success, are helping parents understand their responsibilities to care for and be positive models for their children. As a result of First Steps' intervention and parenting support, 66% of clients initially assessed at "low" levels of parenting have achieved moderate or high levels of parenting skill.

Early Education

Private-public partnerships through First Steps 4K have led to significant cost efficiencies in the delivery of publicly funded 4K. One recent analysis suggests First Steps is achieving comparable results, without the need for costly capital construction, for 80 cents on the dollar.

Early Intervention

According to recent federal evaluations, outcomes for clients participating in Baby Net early intervention programs are above national averages. Baby Net matches the special needs of infants and toddlers who have disabilities and/or developmental delays with customized, community-based resources.

School Transition

Each of the corresponding blocks of services leads ultimately to the goal of transitioning children successfully to school. Programs like Countdown to Kindergarten and From Day One to Grade One are ultimately preparing children for school success.

Based on the needs of our community, Marlboro County First Steps focuses its investments in Family Strengthening and Quality Childcare.

Parents play a critical role in their child's development.

Program Description

Parents as Teachers (PAT) is an evidence-based home visiting program designed to build strong communities, thriving families and children who are healthy, safe and ready to succeed. PAT services include:

1. **Personal Visits** at least twice monthly
2. **Monthly Group Connections** with other PAT families
3. **Screenings and Assessments** to identify developmental concerns
4. **Connections to Outside Resources** that families may need to succeed

Marlboro County First Steps serves families in greatest need. Among our PAT families:

91% ... live in poverty

1% ... didn't graduate from high school

"Since I was pregnant, I have been involved in the Marlboro County First Steps PAT program. It really helped me because I was a first time mother."

Parent, Kennita Graham

Child Care Training

Those who care for young children need high-quality, accessible, and affordable professional development.

Program Description

High-quality child care hinges on high-quality professional development that meets the needs of the local child care workforce.

First Steps-sponsored training is certified through the SC Center for Child Care Career Development and includes topics in the areas of nutrition, health and safety, curriculum, child guidance, professional development and program administration. Best practices in training include not only the training itself, but follow-up in the classroom.

"As a family home child care provider inexpensive quality trainings really helps us to get hours"
Sharon Morrison, Morrison's Footprints

Child Care Scholarships

Too many families in Marlboro County cannot afford quality care for their children.

Program Description

Access to quality child care is essential for children while away from their primary caregivers. Yet, of those families income-eligible for child care assistance in South Carolina, only a small fraction receive it due to lack of funds. In the absence of nurturing and consistently available family, friends or neighbors, parents are faced with few - or no - affordable care options.

Marlboro County First Steps serves families in greatest need. Among our scholarship families:

- 95% ... live in poverty
- 1% ... didn't graduate from high school
- 1% ... were teen parents
- 2% ... had developmental delays

In addition to regular monitoring of child care providers that receive First Steps scholarships, First Steps conducts at least one developmental screening each year with scholarship children and connects families to needed services within the community.

1. Each one of the participants in our program who receive a scholarship must also participate in the parenting program.
2. Every child who receives a scholarship also receives books

"I've been blessed to receive a voucher through Marlboro County First Steps, this has allowed me to receive quality care at a reasonable cost"

Kay Emanuel, Parent

Getting children ready for school.

The Goals of First Steps

- (1) provide parents with access to the support they might seek and want to strengthen their families and to promote the optimal development of their preschool children;
- (2) increase comprehensive services so children have reduced risk for major physical, developmental, and learning problems;
- (3) promote high-quality preschool programs that provide a healthy environment that will promote normal growth and development;
- (4) provide services so all children receive the protection, nutrition, and health care needed to thrive in the early years of life so they arrive at school ready to succeed; and
- (5) mobilize communities to focus efforts on providing enhanced services to support families and their young children so as to enable every child to reach school healthy and ready to succeed.
